

dear reality,

Dear Reality,

is a 3D Audio technology software company and has grown considerably through a strong agile practice. Founded in 2014 and based in Düsseldorf, we are committed to deliver high-quality, cutting-edge 3D audio technology, software tools and VR & AR experiences. Our dearVR technology (please see www.dearvr.com) is already available for Unity and as a VST/AAX/AU plugin for Digital Audio Workstations.

We are starting 2018 by expanding our 3D audio technology development through cooperation with Sennheiser Pro Audio.

In order to continue delivering highly qualitative and innovative mixing workflows & tools, we are looking for a

Senior C++ Developer (f/m)

This position will be full-time and located at Dear Reality, Düsseldorf (Germany).

As a Senior Software/C++ Developer you will work within the development group of Dear Reality, shaping the world of 3D audio.

Your tasks:

- Be part of the Dear Reality Development Group with a strong focus on optimisation of our core technology.
- Collaborate with our team of developers.
- Development and maintenance of the dearVR core technology.
- Be the point of contact for all questions C++ related.

Further Responsibilities include:

- Be the expert for PC related features
- Challenging and improving design patterns in our core products
- Teaching our staff, learning from them and establishing an empowering working environment

Your qualification:

- Strong knowledge of C++
- A minimum of 5 years of experience as Software Developer
- Strong knowledge of established design patterns
- Good knowledge in multithreaded real-time environments
- Great interpersonal and communication skills; we integrate directly with a lot of off-site projects around the world

dear reality,

- Good written and verbal communication skills in English
- Independent and target-oriented working method

Plus:

- Familiar with DSP algorithms and Audio programming
- Familiar with C#
- Familiar with pair programming

Additional Information

We offer a highly motivating challenge for team players interested in showing personal initiative in an innovative and international company. If you are passionate about audio and would like to join a rapidly growing company, please get in contact with us.

Applications should include the earliest starting date and your salary expectation. Please send your application documents at jobs@dear-reality.com
